Title:	Freedom		
Picture:			
Caption:	A bird is resting and ready to fly in the sky.		
Commentary:	<p>Birds are so free, aren't they? They fly and rest wherever they like. They never vent their grumbles about their life, but live with them. Although we humans are clever enough to invent airplanes to go to other places, we still do not feel free!</p> <p>Why? The reason is simple! We humans never feel contented with what we have. When we get something, we want something more! It is such a vicious cycle that we never feel free but miserable about our life. So we will never get the taste of being free if we don't change our mindset.</p> <p>Freedom is not only about what we can do, but the way we lead our life. Just a small change can make a big difference!</p>
